Subject: Re: Request to extend deadline for comment on application number 19/04286/FUL

Good morning Alison,

19/04286/FUL - Coberley PC objects to this application particularly on the basis of the greatly enlarged scale of the proposed building; and regarding impact on the AONB, in keeping with the PC's previous objection to the change of use from Stables to residential use (now permitted). The PC has observed the incremental approach that the developer has pursued in order to maximise Gross Development Value on this site and would be most disappointed should this approach be allowed to prevail against the wishes of the local community.

Best regards,

Claire Mann
Clerk to Coberley Parish Council
